Dear Sir:

**Re: Donation**

I have today delivered to Wellspring Calgary my cheque payable to Wellspring Calgary in the amount of \_\_\_\_\_ (“the gift”).

The gift is given to Wellspring Calgary on the condition that the property given, or property substituted for the gift, be held by Wellspring Calgary or another registered charity (“the transferee”) for a period of not less than 10 years from the date that the gift is received by Wellspring Calgary, except that Wellspring Calgary or the transferee may expend the property before the end of that period to the extent necessary for Wellspring Calgary or the transferee to meet the requirement under the definition of “disbursement quota” in Section 149.1 of the Income Tax Act (Canada) that is expend 3.5% of the value of its investment assets in each year. That requirement is described in the definition of disbursement quota by the formula “ $\{C \times 0.035 [D - (E + F)]\} / 365$ ”

Yours Truly,

---
